

Choosing Yarn For Knitting

Knit With Hannah brings you the 3 steps you need to choose the perfect yarn

Step 1 consider the weight and the weight!

How much yarn do you need?

take a look at the pattern or tutorial that you're following and note down the number of balls and the weight of each ball.

What thickness of yarn is suggested?

take a look at the pattern or tutorial that you're following and note down the thickness of the yarn. (4ply, DK, aran, worsted, chunky, bulky?)

Step 2 consider the fibre

Which fibre would you like to knit with?

yarns are spun in many different fibres, you can make a choice with your own preference or what is suggested in the pattern.

Step 3 consider the texture

What texture of yarn would you like to knit with?

yarns can be spun to be smooth and fine or tweedy, bumpy, filled with loops and bobbles; consider your experience when choosing texture.
